THE WHITE HOUSE

WASHINGTON

TO: Dr. Kissinger
FROM: P.M. Flanigan
RE: Foreign Intelligence Advisory Board

I have been informed that Mr. John Hay Whitney would very much like to be a member of the Foreign Intelligence Advisory Board. As qualifications, he has 4 years as Ambassador to England, a good war record and managing control of the Paris Herald Tribune. Apparently he has also kept his connections with the top brass of the Air Force.

Short note - raised twice
at Press - rejected
twice.
